Hello. I read your article in [The News](#) with interest. Some of your statements like "*The murder also raises questions about what games are being played now. ... There is further confusion. Lack of clarity persists...*" betray that you are perhaps not unaware of David Ben Gurion's famous dictum: "*what is inconceivable in normal times is possible in revolutionary times*"; nor perhaps with the Council on Foreign Relations author's famous statement from 1974: "*In short, the 'house of world order' will have to be built from the bottom up, rather than from the top down. It will look like a great 'booming, buzzing confusion' to use William James' famous description of reality, but an end run around national sovereignty, eroding it piece by piece will accomplish much more than the old-fashioned frontal assault.*"; and therefore, surely familiar with the role of "confusion" as a Machiavellian tool of transformations which is otherwise unpalatable.

Below I reproduce an editorial - perhaps you might look at it. The fact that your article which was published, and my editorial which wasn't, in the same newspaper, is revealing to me. Is it revealing to you? You are echoing the axioms of empire, that the "insurgency" is real. I assert that it is fabricated to create the "confusion" you bemoan.

With best wishes,

Zahir Ebrahim

## Another case study of the brilliance of Machiavellian Political Science

Once the hectoring hegemons have created a core-lie and got people to believe or accept it, namely, that 'war on terror' is real and “*our war*”, then many truths within the core-lie can be fabricated, and also are created due to their own natural dynamics with proper black-ops channeling to mobilize insurgency and then officially fighting it as “*counter-insurgency*”. A cook-book recipe for fabricating “*revolutionary times*”, for indeed, “***what is inconceivable in normal times is possible in revolutionary times***”! A self-sustaining system dynamics comes into existence which is closely managed and continually harvested to sustain “*imperial mobilization*”.

These dynamics are the puppetshows of harvest that Rafia Zakaria is commenting on in her DAWN article of [April 07, 2010](#): “Reinventing the Taliban”, while she is strategically silent on the core lie itself:

“Yet to view the controversy as an isolated case connected only to the veracity of the events depicted in the video would be to miss the trajectory of the transformation being planned for the Taliban by the political and military leadership of the country. With the completion of the Pakistan military’s Rah-i-Nijat offensive in Swat, and the near culmination of operations in North Waziristan, the endgame of a long and bloody counter-insurgency operation is now visible.”

Rafia Zakaria is obviously quite [un]familiar with the vulgar propagandists' crucial tool in their vast arsenal of behavior modification tool-chest:

**'The greatest triumphs of propaganda have been accomplished, not by doing something, but by refraining from doing. Great is truth, but still greater, from a practical point of view, is silence about truth. By simply not mentioning certain subjects, by lowering what Mr. Churchill calls and “iron curtain” between the masses and such facts or arguments as the local political bosses regard as undesirable, totalitarian propagandists have influenced opinion much more effectively than they could have done by the most eloquent denunciations, the most compelling of logical rebuttals.'** --- Aldous Huxley in the (circa 1946) Preface to his 1931 novel Brave New World

So, I ask Rafia Zakaria to refute the core-lie as unraveled by this scribe in the following [letter to editor](#) (

<http://tinyurl.com/native-informants> ) using her most compelling of logical rebuttals if she believes my deconstruction to be false. Or, explain her silence on the core-lie. Because, I do believe, vulgar propagandist she is not!

But I will take a bet that contrary to my belief, she won't because she is, perhaps inadvertently, part of the same con-game of introducing "*beneficial cognitive diversity*", as are all the rest of the native-informants and house negroes of Pakistan whose new crowned queen of hearts appears to be this Samar Minallah.

Convince people of [absurdities](#) and get them [acquiescing](#) to atrocities – and here we have them turning a blind eye to the greatest atrocity of them all: "*the supreme international crime differing only from other war crimes in that it contains within itself the accumulated evil of the whole*", from which "*all the evil that follows*" is therefore on the account of those who "*goosestep the Herrenvolk across international frontiers*" with the show of first-aggression by the "*invasion of its armed forces, with or without a declaration of war, of the territory of another State*".

Any law professor who does not know their [Nuremberg](#) – well, perhaps it is only the same old 'likkha-parrha jahils' of modernity coming out of America's top IVYs and becoming the 'Epsilon Semi-moron' to 'Alpha' administrators in the class hierarchy of the Brave New World of Atlas Shrugged.

From Huxley to Orwell to Russell to Strauss to his mistress Ayn Rand, all have not been merely prescient, but rather have explained the actual blueprint of the future reality of totalitarian scientific dictatorships where commonsense is replaced by zerosense, and moralsense by secular-humanism!

Thus, one may repeatedly rehearse the deconstruction of evolving puppetshows and burlesque adventures of Alice in Wonderland, as does this scribe, over and over and over again, but the *history's actors* have already moved on ex post facto to create the new reality for Alice. Each time incrementally inching the world closer and closer to the overarching endgame of central totalitarian dictatorship in a world government, while we are merely left to just study what they atrociously did in the previous puppetshow:

**'We're an empire now, and when we act, we create our own reality. And while you're studying that reality -- judiciously, as you will -- we'll act again, creating other new realities, which you can study too, and that's how things will sort out. We're history's actors . . . and you, all of you, will be left to just study what we do.'** --- Senior Bush

Advisor, The New York Times, [October 17, 2004](#)

Such is the power of Machiavellian political science!
